

USMC 29 Palms- SAME STEM *Engineering & Construction Camps – CALL FOR MENTORS!*

LOOKING FOR MENTORS for the USMC 29 PALMS STEM ENGINEERING & CONSTRUCTION CAMP.

Our STEM camps have been in operation for 17 years and have a very strong history of producing engineering and STEM college graduates. The camps are world-class and provide an incredible opportunity for young members to lead, inspire, coach, motivate, and MENTOR our future engineers, scientists and STEM grads. The camp is for 9-12 GRADE HIGH-SCHOOL STUDENTS.

This STEM camp will provide students an opportunity to broaden their engineering knowledge and apply problem solving techniques while competing among their teams. Camps are all designed to focus on hands-on activities, supervised and executed by engineers. This is a new camp at 29 Palms being conducted as a joint effort with the USMC and SAME-OC, SD, LA and Inland Empire Posts. Students are expected to come from the SoCal area—we need your help generating support staff for this very meaningful program! Please spread the news!
